Attention: Rafael Bacares - PCT Legal Administration**PETITION UNDER 37 C.F.R. § 1.182 TO CORRECT FILING DATE**

Sir:

This is a petition to amend the filing date of the above-captioned application from May 22, 2007 to **August 16, 2006**. This petition is not specifically provided for elsewhere in 37 C.F.R., and is therefore filed pursuant to 37 C.F.R. § 1.182. No fee is believed due as this time as the necessary correction is due to what is believed to be an error at least partly on the part of the Patent and Trademark Office.

However, in the event a fee is due or if any additional fee during the prosecution of this application is not paid, the Patent Office is authorized to charge the underpayment to Deposit Account No. 15-0700.

REMARKS

The instant application was initially transmitted to the Patent and Trademark Office ("PTO") on June 23, 2006. The application was transmitted under 35 U.S.C. 371 in the English language. The application was transmitted with an unexecuted declaration. Applicant's undersigned counsel filed an executed declaration August 16, 2006 (copy enclosed) with the Patent and Trademark Office. In the header of the August 16th submission, two digits in the serial no. were accidentally transposed (*i.e.*, the serial no. was written as 10/548,691 instead of 10/584,691), but all of the other information pertaining to the above-identified application was correct. The submission was, nevertheless, applied to an incorrect application, notwithstanding

that the information contained in the header of the submission did not match that for the subject application to which it was applied, (except for the serial no with two digits transposed, as indicated above). On March 21, 2007, notwithstanding that the applicants' had previously filed the declaration, a Notification of Missing Requirements was issued by the PTO with a due date of May 21, 2007 (copy enclosed). On May 17, 2007, a response was filed to the Notice (copy enclosed) including a copy of the submission filed on August 16, 2006. In the response to Missing Requirements a copy of the Notification of Missing Requirements from the PTO was also submitted which correctly set forth the serial no. of the application. The PTO charged applicants' representatives' deposit account no. 15-0700 \$130 for the declaration fee although it had already been paid via check no. 25542 (copy enclosed) on August 16, 2006.

On July 9, a status inquiry letter was filed requesting the status of the application. While awaiting a response to the status inquiry letter from the PTO, applicants' representatives discovered the Notification of Abandonment (copy enclosed) while searching the status of the application in PAIR on the PTO web-site. The Notification of abandonment was never received by mail from the PTO. On October 30, 2008, applicants filed a "Petition to Set Aside Notice of Abandonment" (copy enclosed). The Petition was granted on February 17, 2009 (copy enclosed). The funds applied to the incorrect application no 10/548,691 have since been recovered by the PTO.

Copies of all of the documents relating to this matter are enclosed.

Grant of this petition is kindly solicited.

Respectfully submitted,

: DECISION ON
:
:
:
:
: PETITION UNDER
:
:
:
: 37 CFR 1.181

This decision is in response to applicants' "PETITION TO SET ASIDE NOTICE OF ABANDONMENT," which is being treated as a petition under 37 CFR 1.181 filed on 30 October 2008, requesting acceptance of a copy of the Declaration submitted as filed in the USPTO on 22 May 2007. Applicants have submitted, inter alia, a copy of the 22 May 2007 PTO stamped itemized postcard receipt.

BACKGROUND

On 23 June 2006, applicants filed a Transmittal letter for entry into the national stage in the United States Patent and Trademark Office (USPTO), which was accompanied by, the basic national fee. No executed declaration or oath was filed at such time.

On 21 March 2007, the United States Designated/Elected Office (DO/EO/US) mailed a "NOTIFICATION OF MISSING REQUIREMENTS UNDER 35 U.S.C. 371 IN THE UNITED STATES DESIGNATED/ELECTED OFFICE (DO/EO/US)" (Form PCT/DO/EO/905) which informed applicant, inter alia, that an "Oath or Declaration of the inventors, in compliance with 37 CFR 1.497(a), and (b), identifying the application by the International application number and international filing date .. is not executed in accordance with either 37 CFR 1.66 or 37 CFR 1.68." The notice indicated that the items must be submitted within two months from date of mailing or by 32 months from the priority date of the application, in order to avoid abandonment of the national stage application.

On 26 June 2008, the USPTO mailed applicant Notification of Abandonment (Form PCT/DO/EO/909) indicating that applicant has failed to respond to the notification of MISSING REQUIREMENTS (Form PCT/DO/EO/905) mailed 3/21/2007 within the time period set therein.

On 22 August 2008, the USPTO mailed applicant a communication informing applicant that the application was abandoned.

Application No.: 10/584,691

2

In response to the "NOTICE OF ABANDONMENT" mailed on 26 June 2008 and the communication on 22 August 2008, petitioner submitted on 30 October 2008 the instant petition requesting withdrawal of the "Notice of Abandonment." In support of the request, petitioner has provided a copy of the returned/stamped receipt card acknowledging a receipt date of 22 May 2007. The response is timely with an extension of time of one month because it was after the time period allocated in the Notice.

DISCUSSION

Petitioner's present petition accompanied by a copy of the following document, filed purportedly with the USPTO as indicated in the stamped postcard:

- (1) Response to Notification of Missing Requirements (Executed Declaration and Power of Attorney)

The postcard lists the above item and bears a USPTO date of stamp as 22 May 2007.

MPEP 503 provides:

A postcard receipt which itemizes and properly identifies the papers which are being filed serves as *prima facie* evidence of receipt in the PTO of all the items listed thereon on the date stamped thereon by the PTO.

Petitioner's postcard is accepted as *prima facie* that a Declaration was timely deposited with the U.S. Patent and Trademark Office on 22 May 2007.

Accordingly, the date of receipt for the Declaration is 22 May 2007. Applicants are being charged one month extension fee of \$130.00 to Deposit Account No.: 15-0700 because the executed declaration was received after the two month period allocated in the Notice.

As a result, the Notice of Abandonment (Form PCT/DO/EO/909) mailed on 26 June 2008 was erroneous.

CONCLUSION

The petition under 37 CFR 1.181 is GRANTED.

The NOTICE OF ABANDONMENT mailed on 26 June 2008 has been VACATED.

This application is being forwarded to the Office of Patent Application Processing (OPAP) for continue processing.

PETITION TO SET ASIDE NOTICE OF ABANDONMENT

Sir:

In response to a Status Inquiry Letter filed July 14, 2008 by applicants' representatives concerning the above-identified application, a Communication dated August 22, 2008 was received from the Patent and Trademark Office. The Communication stated that the application was deemed by the Office to be abandoned due to an alleged failure to timely file a proper reply to a, "Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated /Elected Office (DO/EO/US) (Form PCT/DO/EO/905" mailed 21 March 2007. Provided as attachments to the Office Communication were a copy of the Form PCT/DO/EO/905 together with a "Notification of Abandonment" (Form PCT/DO/EO/909) mailed by the Office on 26 June 2008. A copy of the August 22, 2008 Office Communication (with attachments) is provided herewith as Attachment A to this Petition.

Upon receipt of the August 22nd Communication, we examined our file concerning this matter and found that the "Notification of Abandonment" dated June 26, 2008 from the Patent Office was never received at our office. Thus, the 22 August 2008 Communication was the first notification

received by us informing us that the Patent and Trademark Office deemed the application to be abandoned. The Notice of Abandonment is in error for the reasons set forth below.

Following receipt of the Notice of Missing Requirements, to which a response was due by May 21, 2007, applicants' representatives mailed to the Patent and Trademark Office a "Response to Notification of Missing Requirements" on May 17, 2007, i.e., prior to the due date for response. That response was received by the Patent Office on May 22, 2007. A copy of applicants' response dated and mailed on May 17, 2007 is enclosed as Attachment B to this Petition. Also enclosed, as Attachment C hereto, is a copy of both sides of the return receipt acknowledgment postcard that was date stamped by the Patent and Trademark Office on 22 May, 2007 acknowledging receipt of applicants' response. The stamped postcard was thereafter received at our office on May 30, 2007 as indicated by the date stamp on the front of the card.

Accordingly, since the Response to Notification of Missing Requirements was timely filed and received by the U.S. Patent and Trademark Office, the holding of abandonment of this application should be set aside.

No fee accompanies this Petition because the U.S. Patent and Trademark Office has committed an error and the Notification of Abandonment should be set aside. In the event the actual fee is greater than the payment submitted or is inadvertently not enclosed, or if any additional fee due during the prosecution of this application is not paid, the Patent Office is authorized to charge the underpayment to Deposit Account No. 15-0700.

RESPONSE TO NOTIFICATION OF MISSING REQUIREMENTS

Sir:

In response to the Notification of Missing Requirements mailed March 21, 2007 (copy enclosed), please be informed that on August 16, 2006, Applicant's Declaration was filed, executed and accompanied by payment of the \$130.00 surcharge. A copy of the prior submission is enclosed. Since this Missing Requirement has been supplied prior to the Notice, no further submission in response to the enclosed Notification is required.

With regard to the additional note in the Notification of a defect that had been observed, namely, that "Annexes have not been entered because claims must fall into consecutive order," it is presumed that this is due to the fact that the English translation of an Annex of the German language International Preliminary Examination Report, consisting of a single page showing an amendment which was entered in the PCT application, was paginated differently than its German original, such that the two pages began at different parts of the Specification, and therefore they did not begin and end with the same claim numbers, giving the appearance that the claims did not fall into consecutive order. This was done in order that the pagination of the single page of

English translation of the Specification would match the original English translation of the Specification before the amendment occurred in the PCT application so that a page-for-page comparison could be performed in the English translation. In fact, the English translation of the Specification does not change the consecutive order of the claim numbers, and the undersigned has had the English translation of the Specification repaginated, incorporating the PCT amendment, producing a single page that exactly matches the page submitted from the German language Annex. That repaginated English translation is enclosed herewith, along with the German language page from the amended PCT application, with the request that the Annex now be entered into the above-identified U.S. national stage application.

In the event the actual fee is greater than the payment submitted or is inadvertently not enclosed or if any additional fee during the prosecution of this application is not paid, the Patent Office is authorized to charge the underpayment to Deposit Account #15-0700.

If this communication is filed after the time period had elapsed and no separate Petition is enclosed, the Commissioner of Patents and Trademarks is petitioned, under 37 C.F.R. §1.136(a), to extend the time for filing a response by the number of months which will avoid abandonment under 37 C.F.R. §1.135. The fee under 37 C.F.R. § 1.17 should be charged to our Deposit Account No. 15-0700.
